

Wireless SD Cards

FlashAir™ W-04

Shoot and share at higher speed

64 GB 32 GB 16 GB

Color 

Gone are the days of switching SD cards between devices. The innovative Toshiba FlashAir™ SD card series comes with Wi-Fi built in, so data transfer to your workstation, tablet or smartphone is easier than ever. Save time at a photoshoot, share your images or videos instantly with friends and enjoy the convenience of leading technology from Toshiba. The 4th generation FlashAir™ even provides greater flexibility with integrated 'Eyefi Connected' feature that prevents a camera automatically powering off when wirelessly connecting with FlashAir™.
